For **Mental Well Being**

BROVITATM

SORBITOL BASE **SUGAR FREE** **LIQUID** **DROP**

Exerts great ability for treatment of

- **NDD's (NEURO DEVELOPMENTAL DISABILITIES)**
- **CDD's (COGNITIVE DEVELOPMENTAL DISABILITIES)**
- **ADEM (ACUTE DISSEMINATED ENCEPHALOMYELITIS)**

Administration with L-carnosine BROVITA provides

- Enhancement Of Brain Development By Synthesis Of Neurotransmitters, Hormones, Protein, Lipids And Nucleic Acid (Dna/rna)
- Increment In Bdnf Level (Brain Derived Neurotrophic Factor) Means Enhances Skills Relevance To Learning, Memory, Speech , Communication And Also Increases Concentration Span Of Mind.
- Improves Cognitive Functions, Symptoms Of Autism Spectrum Disorder (ASD), Fatigue Related Disorder, Attention Deficient / Hyperactivity Disorder (ADHD), Obsessive – Compulsive Disorder (OCD), Schizophrenia, Epilepsy, Dementia And Alzheimer.
- Increased Anti Oxidant Enzymatic Activities And Reduced The Lipid Peroxidation In The Spinal Cord.
- Anti Inflammatory Effects As A Mechanism That Mediate Its Antinociceptive Effects In Cci (chronic Constriction Injury) Induced Peripheral Neuropathy.
- Improves Functional Recovery And Structural Regeneration After Sciatic Nerve Crush Injury.
- Reduces Proinflammatory And Profibrotic Cytokines Associated With Spinal Cord Injury.

Presentation : 60 ml (MRP ₹ 625.00) 200 ml (MRP ₹ 1325.00)

Each 5 ml contains : L-Carnosine-500 mg, D.H.A.-500 mg, EPA-500 mg, ALA-250 mg, Zinc Picolenate-60 mg, Magnesium Glycinate-60 mg, Moringa Oleifera-1000 mg, Sorbitol-3.575 g

L-Carnosine

- A dipeptide molecule made up of two amino acids, namely, beta-alanine and histidine. L CARNOSINE prevents cognitive decline by inhibiting amyloid-beta and enhances nervous system function in individuals with autism. It helps in reducing the build-up of amyloid-beta, a protein that forms the brain plaques associated with Alzheimer's.
- A compound made up of amino acid which enhances frontal lobe function in the brain as it has powerful antioxidant properties & proved beneficial to people with autism.
- The most important benefit is an improvement in the person's behavior, improve language skills & enhance nervous system function.

BROVITA Specially Indicated in

- Lack of Cognitive functions,
- Symptoms of ASD (Autism Spectrum Disorder),
- Fatigue Related Disorder,
- ADHD (Attention Deficient/ hyperactivity Disorder),
- OCD (Obsessive- Compulsive Disorder)
- Schizophrenia , Epilepsy, Dementia and Alzheimer.

BVT

To meet the cognitive challenges of life

BROVITATM

SORBITOL BASE | SUGAR FREE | LIQUID | DROP

Each 5 ml contains : L-Carnosine-500 mg, D.H.A.-500 mg, EPA-500 mg, ALA-250 mg, Zinc Picolinate-60 mg, Magnesium Glycinate-60 mg, Moringa Oleifera-1000 mg, Sorbitol-3.575 g

L-Carnosine in BROVITA

- Regulates The Process Of Osteoblast / Osteoclast Thus Prevent Osteoporosis / Bone Tumor, Helpful In Bone Fracture And Also Treat Inflammation.
- Accelerates Blood Flow Recovery In The Ischaemic Limb By Increasing Mobilization Of Pro Angiogenic Growth Factors Into Circulation In Hli Patients (hind Limb Ischemia) Thus Facilitates A More Rapid Return Of Locomotor Activity.
- Magical Results In Paralysis, Speech Impairment, Loss Of Memory, Reasoning Ability, Cognitive Disabilities Caused By Ischemic Strokes Or Tia (transient Ischemic Attack)
- Treat Symptoms Of Carnosinemia Included Extreme Drowsiness, Seizures, Slow Growth, Low Muscle Tone, Motor Delays And Delayed Intellectual Development That Occur Under In Children Under Age Of One Year.
- Has A Beneficial Effect On Fetal Growth And Maturation Of Brain & Lungs, Improves Body Weight.
- Increase Bdnf Level (Brain Derived Neurotrophic Factor) Means Enhances Skills Relevance To Learning, Memory, Speech Communication And Also Increases Concentration Span Of Mind.
- Improves Cognitive Functions, Symptoms Of Autism Spectrum Disorder (ASD), Fatigue Related Disorder, Attention Deficient / Hyperactivity Disorder (ADHD), Obsessive – Compulsive Disorder (OCD), Schizophrenia, Epilepsy, Dementia And Alzheimer.
- Has Ability To Boost Glutathione Activity Which Is A Powerful Antioxidant Thus Protects From Free Radicals Damage, Oxidative Stress, Sign Of Ageing And Boosts Cognitive Functions.

- F** • Working Professionals, House Queens, Studying Children, Born Babies & Old Age Individuals To Maintain Their Brain Health & Bdnf Level.
- O** • Pregnant Ladies & Those Ladies Who Specially Conceive Pregnancy After 30 Plus May Lead To Neuro/cognitive Development Disabilities In Babies And Which May Likely Continue After Birth. So Why To Take Risk, Please Prescribe Brovita To Be On Safer Side.

SORBITOL BASE
SUGAR FREE
LIQUID

An ideal cough formula for any etiology of cough

**Offers New dimension in the management of nonproductive cough
soar throat/tonsillitis/choked voice/Acute Bronchitis
/Common Cold & Flu/Tuberculosis & Allergic Cough/Whooping
& Smokers Cough/Allergic & Bronchal Asthma
/COPD(Chronic Obstructive Pulmonary Disease)**

LIQUORICE LIQUID EXTRACT & ACACIA CATECHU

- Eradicates bronchospasm/Broncho-inflammation of upper/lower respiratory tract
- Reduces congestion of respiratory mucous membrane without depressing the cough centre (medulla oblongata)

TERMINALIA BELERICA & CURCUMA LONGA

- Safer & powerful management of Allergic cough

SYRUP VASAKA & ZINGIBER OFFICINALE

- Eradicates broncho constriction and also manages tubercular cough

Power charged stimulant action in the management of productive cough

ANISE WATER CONG. & SYRUP OF IPECAC

- Exerts powerful mucolytic, mucokinetic action

AMMONIUM CHLORIDE & ACHYRANTHES ASPERA

- Stimulant action leading to powerful expectorant.

Presentation : 100 ml (MRP ₹120.00)

Each 5 ml contains

Syrup Vasaka	750 mg
Liquorice liquid Extract	150 mg
Anise Water	200 mg
Syrup of Ipecac	50 mg
Ammonium Chloride	125 mg
Sodii Biboras	125 mg
Achyranthes Aspera	500 mg
Solanum Xanthocarpum	500 mg
Terminalia Bellirica	250 mg
Piper Longum	175 mg
Curcuma Longa	175 mg
Ocimum Sanctum	100 mg
Zingiber Officinale	100 mg
Acacia Catechu	100 mg
Menthol	10 mg
Sorbitol	1 gm

- Highly palatable, well tolerated, non-toxic, no drug addiction, no alcohol
- No adverse effect on Gut, Liver and Kidney
- Can be easily continued during pregnancy
- Neither produce nor aggravates constipation

Specially in diabetic, blood pressure & heavy weight patients

Get back the **Crave for Food** with...

APTIBROTM

Cyproheptadine Hcl 2 mg, Tricholine Citrate 275 mg, Sorbitol Solution 3.75 gm **Liquid**

EVOKES APPETITE.....Strengthens liver function

Cyproheptadine

- An effective appetite stimulant that enhances body weight, height, BMI percentiles & fat-free mass in patients suffering from cystic fibrosis
- Beneficial in inducing weight in patients suffering from anorexia nervosa & having a history of birth delivery complications

Tricholine Citrate

- Beneficial in treating liver cirrhosis by showing lipotropic action and fat metabolism

Sorbitol

- Effective in evacuation of sluggish gall bladder due to its cholagogue action

- **Stimulates Appetite, Promotes Growth**
- **Improves Sleep Pattern**
- **Normalizes the functions of sluggish liver**
- **Provides phospholipids to mobilize fat from the liver**
- **Increased bile production improves the assimilation**
- **Regularizes bowel movement and restores comfort**

Put out the Fire of Acid Peptic Disorders

RPT-150TM

**Rabeprazole Sodium (Gastro-Resistant) 20 mg,
Itopride Hydrochloride (Sustained Release) 150 mg Capsule**

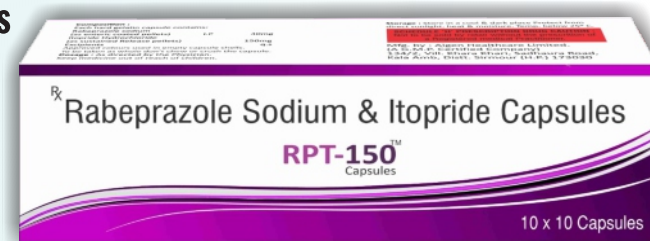

Rabeprazole Sodium

- Proton pump inhibitor blocks the secretion of Gastric Acid
- Prevents acute reflux esophagitis, peptic ulcers
- Relapse of non-erosive Reflux disease symptoms

ADDED ADVANTAGE OF Itopride Hydrochloride

- Increases the release of acetylcholine & prevents its hydrolysis
- A novel gastroprokinetic agent, stimulates postprandial gastric motility.

FOR 24h  RELIEF IN

- GERD (Gastroesophageal Reflux Disease)
- Duodenal & Gastric Ulcers
- Post operative Nausea & Vomiting
- Dyspepsia
- Pathological Hypersecretory Conditions (ZES)
- Diabetic Gastroparesis
- Chronic Gastritis

Convenient OD Dosage | Excellent clinical efficiency | Excellent safety profile | Least drug interaction | Better healing rates

The Complete HEPATO CARE

BROVLIV®

SUGAR FREE LIQUID DROP TABLET INJECTION

Only product in market which restores liver enzymes/minerals/vitamins from first dose, at the same time protect & promote Hepatocellular regeneration

L-Ornithine L-Aspartate in BROVLIV

- Increases absorption of the minerals they are combined with and enhances athletic performance.
- Reduces brain damage caused by cirrhosis of the liver (hepatic encephalopathy)
- Serves as a stimulus for hepatic glutamine

Silymarin in BROVLIV

- Used to treat liver disorders, including acute and chronic viral hepatitis, toxin/drug-induced hepatitis, and cirrhosis and alcoholic liver diseases
- Extends cell membrane permeability, inhibits 5-lipoxygenase pathway

Moringa Oleifera in BROVLIV

- Restores liver enzymes in damaged liver as enzymes in liver are responsible for blood detoxification, bile production, fat metabolism and overall nutrient processing.
- Reduces liver damage / injury thus protect against hepatitis.
- Promotes powerful anti-inflammatory activities as inflammation is essentially the root of all disease in which liver also included.
- Loaded with good supply of anti-oxidants thus reduces overall oxidative stress and helps liver in detoxification process of free radical.
- Reduces stress and balanced hormones to help HPA axis (hypothalamic pituitary adrenal) run smoothly.

Presentation : 60 ml (MRP ₹ 119.00), 100 ml (MRP ₹ 159.00), 200 ml (MRP ₹ 250.00), 1X10 Tablet (MRP ₹ 120.00)

Ingredients : Choline Citrate, Moringa Oleifera, L-Ornithine L-Aspartate, Zinc Picolinate, Silymarin, Kalmegh, (Sorbitol - in Liquid & Drop only)

Indicated in

- Hepatitis
- Fatty Liver
- Liver Fibrosis
- Liver cirrhosis
- As hepato protective
- Loss of appetite
- Chemical, radiation and Alcohol induced liver damage
- As an adjuvant with hepato toxic drugs
- A valuable adjuvant during recovery from illness.

BROVLIV DROP

Each ml contains :-
 L-Ornithine L-Aspartate 50 mg
 Silymarin 30 mg
 Moringa Oleifera 200 mg
 Choline Citrate 100 mg
 Zinc Picolinate 12 mg
 Kalmegh 30 mg
 Magnesium Glycinate 12 mg
 Sorbitol 715 mg

BROVLIV LIQUID 100/200 ml

Each 5 ml contains :-
 L-Ornithine L-Aspartate 250 mg
 Silymarin 150 mg
 Moringa Oleifera 1 mg
 Choline Citrate 500 mg
 Zinc Picolinate 60 mg
 Kalmegh 150 mg
 Magnesium Glycinate 60 mg
 Sorbitol 3.575 gm

SUGAR FREE LIQUID DROP TABLET INJECTION

BRV

Provides Quickest recovery of blood to make your patients strong

HEMPLUSTM

SORBITOL BASE SUGAR FREE LIQUID DROP TABLET

POWER CHARGED COMPOSITION OF SUPERIOR FORM OF INGREDIENTS

FERROUS ASORBATE/ FERROUS BISGLYCINATE IN HEMPLUS

NON BUFFERED IN STOMACH, NON PARTICIPATED IN INTESTINE, NOT ANTAGONIZED BY PHYTATES AND HAVE SUPERIOR BIOAVAILABILITY.

- Effective in the management of IDA (Iron Deficiency Anemia) in pregnant women.
- Have no effect on intra-gastric pH variation and have faster rate of iron absorption with higher hemoglobin levels.
- Absorption is four times higher than ferrous sulphate, making it easier for body to absorb and utilize due to its distinct characteristic of absorption.
- Important in TTC as low level of iron prior to conception may contribute to lack of ovulation thus promote infertility.

FOLIC ACID (VITAMIN B9) IN HEMPLUS

- Important in TTC (Try To Conceive) as it is a critical supplement for pregnant women , folic acid helps the baby's neural tube close properly within two or three weeks after conception . As in India percentage of women don't know they are expecting as incidentally or unknowingly conceived.
- Vital for DNA replication ,amino acid synthesis and enzymatic processes in the body.
- Protect from Neural tube defects , anemia , peripheral neuropathy , spina bifida , congenital abnormalities , miscarriage or spontaneous abortion and helps to maintain birth parent effects.

Methylcobalamin IN HEMPLUS

- Contains vitamin B12. Vitamin B12 is an essential nutrient which is required by the body to make red blood cells and maintain a healthy nervous system. It is also important for releasing energy from food and using vitamin B9 (Folic Acid).
- Prevents tiredness, weakness, constipation, loss of appetite, weight loss , megaloblastic anemia (a condition when red blood cells become larger in size than normal) , nerve problems , depression, confusion, dementia, poor memory and soreness of the mouth or tongue.
- Often prescribed in pregnant women which improves the nutritional status and birth weight of baby during/after pregnancy.
- Believed that when combined with folic acid during pregnancy, B12 supplements help to prevent spina bifida and other spinal and central nervous system birth defects in newborn babies.

Zinc IN HEMPLUS TABLET

- Is an essential elements for many biological functions including protein synthesis, cellular division, nucleic acid metabolism and supplementation improves pregnancy outcomes for mothers and infants both.
- Important in TTC as zinc improves sperm motility, boosts general quality of sperm and equally important for female reproductive health.
- Defend against poor birth outcomes, poor onset of labor , systemic/intrauterine infections (major cause of preterm birth), low birth weight and prematurity.

POWERFUL FOUNDATION FOR HEALTHY FUTURE

For best supplement in

Post-partum care

Nutritional Anemia

Pregnancy and lactation

Iron deficiency anemia

Anemia due to worm infestation

Following prolonged illness

The right way to treat various Pain ailments.....

Orthozox[®] TABLETS

Offers irrational combination of **Diclofenac Potassium 50 mg**, **Paracetamol 325 mg**, **Chlorzoxazone 500 mg** along with triple bind enteric coated **antacid Magnesium Trisilicate 150 mg**

Diclofenac Potassium 50 mg

Time tested anti-inflammatory, analgesic | Superior GI tolerability to that of Diclofenac Sodium

Paracetamol 325 mg

Works in synergy with Diclofenac | Ensures faster onset of action

Chlorzoxazone 500 mg

Power packed muscle relaxant action, trusted for over 25 years

MAGNESIUM TRISILICATE 150 mg

Magnesium trisilicate is a antacid which relieves the pain and discomfort of indigestion and heartburn caused due to NSAIDS.

Indicated in

- Skeletal muscle spasm
- Pelvic inflammatory conditions
- Dental inflammatory conditions
- Non-articular rheumatic conditions
- Acute painful arthritic conditions
- Ocular inflammation
- Post operative pain & inflammation

BRING LIFE BACK
IN action with **Orthozox[®] TABLETS**
Offers irrational combination of **Diclofenac Potassium 50 mg**, **Paracetamol 325 mg**, **Chlorzoxazone 500 mg** along with triple bind enteric coated **antacid Magnesium Trisilicate 150 mg**

QUICK RELIEF FROM PAIN.....

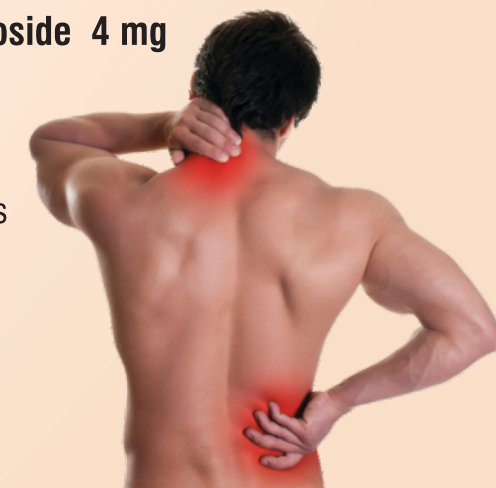

Orthozox[®] INJECTION

Each 2 ml contains : Diclofenac Sodium 75 mg, Thiocolchicoside 4 mg

Thiocolchicoside

- Potent competitive antagonist of GABA function
- Muscle relaxant & displays anti-inflammatory & analgesic properties
- Effectively breaks the spasm-pain-spasm cycle

A different approach to manage pain associated with muscle contracture

ORT

IGFEN-ASTM

Aceclofenac 100 mg, Paracetamol 325 mg, Serratiopeptidase 15 mg TABLETS

ACECLOFENAC ▶ The superior NSAID, the cyclo-oxygenase inhibitor tackles inflammation & pain

Presentation :
1X10 Tablet
MRP ₹ 85.00

Arrest the Discomfort with

DEJICTM

Desloratadine 5 mg TABLET

non sedating, long lasting
histamine antagonist

DES LoratADINE

Blocks the release of a natural chemical called histamine from the cells into the body thus helps to get relieve from symptoms of allergic rhinitis or hay fever which includes sneezing, running or stuffy nose, hives, red / watery / itching and swelling around the eyes.

DES LoratADINE VERSUS LEVOCITIRIZINE/CITIRIZINE

As LEVOCITIRIZINE is quite less sedative then CITIRIZINE but both are not good for old age, studying children, pre/post pregnancy, working professionals etc. because it may likely cause incidents / accidents due to its sedative in nature.

The same is not in DES LoratADINE as Desloratadine is safest non sedative long lasting potent superior version of antihistaminic/antiallergic

Indicated for unmatched relief in Atopy and Atopic Diseases like

- Chronic Urticaria / Hives
- Inflammation / Swelling in the airways & nose
- Hay fever / Allergic Rhinitis
- Asthma
- Rhino conjunctivitis

Presentation :
1X10 Tablet
MRP ₹ 99.00

why to burden whole system when cause is gastrointestinal localised

GYL-MTM

Rifaximin 200 mg, Metronidazole 400 mg Tablet

A Non-aminoglycoside semi-synthetic site specific Antibiotic

Presentation : 1X10 Tablet

Rifaximin 200 mg

- Reduces the development of drug-resistant bacteria.
- Maintains the effectiveness of antibacterial action at infected site.
- Treats or prevents infections that are proven or strongly suspected to be caused by susceptible bacteria in Travelers' diarrhoea & Irritable bowel syndrome.
- Effectively used for treatment of travelers' diarrhoea caused by noninvasive strains of Escherichia coli in adults and pediatric patients 12 years of age and older.
Ninth Ed. CLSI N/07-A9, Wayne. Clinical & Laboratory, Standards Institute, 2012.
- Used for reduction in risk of overt hepatic encephalopathy (HE) recurrence in adults.
- Ensures effective relief in the treatment of irritable bowel syndrome with diarrhoea (IBS-D) in adults.
Twenty-Fourth inform. Suppl. CLSI document 2014.

Metronidazole 400 mg

- Super spectrum antiprotozoal.
- It works by decreasing intestinal ammonia production by colon bacteria.
- Excellent activity against anaerobic gram negative bacilli including B fragilis that are frequently resistant to other antibiotic.
